YORK AUDUBON SOCIETY 40th ANNUAL BIRD SEED SALE

Dear Members and Friends:

The York Audubon Society is pleased to sponsor its 40th annual wild bird seed sale. This is an excellent opportunity to purchase quality seed at discount prices and support the environmental education and conservation programs of York Audubon Society, a non-profit organization.

Proceeds from the sale allow the society to fund numerous environmental education and conservation programs throughout York County. For example, you may have attended one of our monthly education presentations at Unitarian Universalist Congregation of York; or visited our winter bird feeders at Pinchot State Park, Rocky Ridge County Park, Codorus State Park and Nixon Park; or journeyed with us across the county on a field trip.

Help us continue funding environmental education. Be sure to encourage your friends who enjoy feeding birds to purchase seed from us. The birds and the environment thank you.

ORDER DEADLINE IS SATURDAY OCTOBER 21, 2023

All seed must be ordered in <u>ADVANCE</u> so trucking arrangements can be made. A LIMITED QUANTITY of extra seed will be available on the pick-up day.

PICK UP YOUR ORDER

SATURDAY OCTOBER 28, 2023 – 9AM-1PM FORMERLY RECORD CLUB OF AMERICA PARKING LOT 4075 N. GEORGE STREET, MANCHESTER, PA

(Same Location as Last Year)

FOR MORE INFORMATION Contact Kyle Groft (717) 654-4215

SEED DESCRIPTION

BLACK OIL SUNFLOWER: The most popular seed with most seed eating birds. Is a high energy feed source for the cold winter months.

PREMIUM MIX: A premium mix consisting of the most attractive seed for most wild birds including 28% Black Oil Sunflower, Safflower, White Millet, Peanut Chips, and Wheat.

ECONOMY MIX: A popular mix of 5% Black Oil Sunflower, White Millet, Wheat, and Cracked Corn. **CRACKED CORN:** Medium cracked, an economical feed preferred by Sparrows, Doves, and Juncos. Can also be used for feeding pheasants and squirrels.

SAFFLOWER SEED: A popular seed for Cardinals, which squirrels do not prefer.

NYJER SEED: Very small, dark colored seeds especially well liked by Goldfinches.

SUNFLOWER HEARTS: Same as Black Oil Sunflower, but without the messy shells.

PEANUTS IN THE SHELL: Can be used in hanging peanut feeder to attract Woodpeckers, Nuthatches and Wrens. Place on platform feeder to attract Blue Jays, Cardinals, Tufted Titmouse and Squirrels.
