YORK AUDUBON SOCIETY
43RD ANNUAL
BIRD SEED SALE

Dear Members and Friends:

The York Audubon Society is pleased to sponsor its 43rd annual wild bird seed sale. This is an excellent opportunity to purchase quality seed at discount prices and support the environmental education and conservation programs of York Audubon Society, a non-profit organization.

Proceeds from the sale allow the society to fund numerous environmental education and conservation programs throughout York County. For example, you may have attended one of our monthly education presentations at Unitarian Universalist Congregation of York; or visited our winter bird feeders at Pinchot State Park, Rocky Ridge County Park, Codorus State Park and Nixon Park; or journeyed with us across the county on a field trip.

Help us continue funding environmental education. Be sure to encourage your friends who enjoy feeding birds to purchase seed from us. The birds and the environment thank you.

ORDER DEADLINE IS OCTOBER 31, 2026

All seed must be ordered in ADVANCE so trucking arrangements can be made. A LIMITED QUANTITY of extra seed will be available on the pick-up day.

PICK UP YOUR ORDER

SATURDAY NOVEMBER 7, 2026 – 9AM-1PM

FORMERLY RECORD CLUB OF AMERICA PARKING LOT
4075 N. GEORGE STREET, MANCHESTER, PA

BIRD SEED ORDER FORM

SEED DESCRIPTION

BLACK OIL SUNFLOWER: The most popular seed with most seed eating birds. Is a high energy feed source for the cold winter months.

PREMIUM MIX: A premium mix consisting of the most attractive seed for most wild birds including 28% Black Oil Sunflower, Safflower, White Millet, Peanut Chips, and Wheat.

ECONOMY MIX: A popular mix of 5% Black Oil Sunflower, White Millet, Wheat, and Cracked Corn.

CRACKED CORN: Medium cracked, an economical feed preferred by Sparrows, Doves, and Juncos. Can also be used for feeding pheasants and squirrels.

SAFFLOWER SEED: A popular seed for Cardinals, which squirrels do not prefer.

NYJER SEED: Very small, dark colored seeds especially well liked by Goldfinches.

SUNFLOWER HEARTS: Same as Black Oil Sunflower, but without the messy shells.

PEANUT SPLITS: Shelled, blanched, split.

PEANUTS IN THE SHELL: Can be used in hanging peanut feeder to attract Woodpeckers, Nuthatches and Wrens. Place on platform feeder to attract Blue Jays, Cardinals, Tufted Titmouse and Squirrels.
